CATEGORICAL EXCLUSION REVIEW

Background

Cadore Timber Company has requested a one-year extension of their existing "O&C Logging Road Right-of-Way Permit" No. E-944 for use of BLM controlled Road Nos. 19-5-22.2 and 19-5-33.5. The roads will continue to be used to access and haul timber from Cadore ownership in the S½S½, Section 32, T. 19 S., R. 5 W.

Proposed Action

The proposed action is to extend the existing "O&C Logging Road Right-of-Way Permit" No. E-944 to Cadore Timber Company for a term of 1 year pursuant to the authority of Title V of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1761), subject to the terms and conditions in 43 CFR 2812 and those additional stipulations in the attached permit. The permit authorizes hauling of timber over 4.96 miles of BLM-controlled Road Nos. 19-5-22.2 Segments A, B, C and D and 19-5-33.5 Segment A. No road improvement or new construction is involved. The majority of road maintenance will be performed by the BLM; the Permittee will maintain BLM Road No. 19-5-33.5 Segment A.

Decision

It is my decision to extend the "O&C Logging Road Right-of-Way Permit" No. E-944 to Cadore Timber Company for a term of 1 year pursuant to the authority of Title V of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1761), subject to the terms and conditions in 43 CFR 2812 and those additional stipulations in the attached permit. The permit shall authorize the use of BLM-controlled Road Nos. 19-5-22.2 Segments A, B, C and D and 19-5-33.5 Segment A.

Rationale

The Proposed Action meets the criteria for the categorical exclusion in 516 DM 6, Appendix 5.4E(16) and does not meet any of the exception criteria in 516 DM 2, Appendix 2. The Proposed Action is in conformance with the "Record of Decision for Amendments to Forest Service and Bureau of Land Management Planning Documents Within the Range of the Northern Spotted Owl" (April 1994), and the "Eugene District Record of Decision and Resource Management Plan" (June 1995).
